

PROVISIONAL CHAPTER BENCHMARKS

To ensure that our groups are on track to becoming high-performing chapters, the Fraternity has established a list of benchmarks that need to be met before the group can participate in the Provisional Chapter Ceremony. Typically within 4-5 weeks after the initial expansion effort has concluded, the interest group would have met these benchmarks:

RECRUITMENT: Interest group grows by 10% prior to Provisional Chapter Ceremony.

BROTHERHOOD DEVELOPMENT: Interest group hosts at least one, non-alcoholic brotherhood event with at least 75% of the members in attendance. Each Sig Team hosts one brotherhood event with at least 75% of their Sig Team in attendance.

FINANCES: All men have paid in full or are on an approved payment plan. The group has a bank account established, has completed a webinar with Legacy Financial and all members are loaded into Legacy Financial.

OFFICER DEVELOPMENT: President and Recruitment Director participate in individual weekly coaching calls with the Fraternity Staff liaison.
